THERE IS A PLACE

GLAZE MEADOW GOLF COURSE HOLE BY HOLE DESCRIPTIONS

Hole 1	Par 4	Black 395	Blue 369	White 340	Red 310	Junior 284
---------------	--------------	------------------	-----------------	------------------	----------------	-------------------

Playing downhill from the tee, the landing area is guarded by a left fairway bunker. The approach shot should be played short of the hole, avoiding the steep slope that encompasses the back of the green.

Hole 2	Par 5	Black 585	Blue 520	White 477	Red 430	Junior 397
---------------	--------------	------------------	-----------------	------------------	----------------	-------------------

The fairway requires some care between the bunkers on both sides. The green is elevated, with falloffs that can deflect approach shots away from the putting surface.

Hole 3	Par 4	Black 328	Blue 307	White 283	Red 257	Junior 237
---------------	--------------	------------------	-----------------	------------------	----------------	-------------------

With multiple options from the tee, the top priority is to avoid the lake along the right. The green is positioned at the edge of the water, so accuracy is essential on approach shots.

Hole 4	Par 4	Black 448	Blue 377	White 348	Red 316	Junior 289
---------------	--------------	------------------	-----------------	------------------	----------------	-------------------

A directional bunker on the left marks the ideal line to the landing area. The approach to the green is straightforward, but the steep collar on the right is intimidating, with its 20-foot drop-off to the side.

Hole 5	Par 3	Black 167	Blue 155	White 144	Red 130	Junior 112
---------------	--------------	------------------	-----------------	------------------	----------------	-------------------

Picturesque from the tee, with water flanking both sides of the green, the tee shot is best not to waver from a center target line. The putting surface is relatively forgiving.

Hole 6	Par 4	Black 451	Blue 421	White 389	Red 353	Junior 324
---------------	--------------	------------------	-----------------	------------------	----------------	-------------------

A gentle dogleg left offers a generous landing area off the tee. The approach must negotiate a fore-bunker on the left and the right greenside bunker. The expansive green has subtle contours throughout.

Hole 7	Par 5	Black 522	Blue 490	White 453	Red 412	Junior 377
---------------	--------------	------------------	-----------------	------------------	----------------	-------------------

Starting out along the left directional bunker, the landing area is a flat hollow. The route heads uphill from there, with the left fairway bunker guarding the best angle into the green.

Hole 8	Par 3	Black 178	Blue 168	White 155	Red 140	Junior 125
---------------	--------------	------------------	-----------------	------------------	----------------	-------------------

In classic "Redan" style, the angled putting surface falls away in the back corner of the green. The deep left front bunker guards the prime target line and can punish errant shots that veer too far to the left.

Hole 9	Par 4	Black 387	Blue 349	White 322	Red 292	Junior 268
---------------	--------------	------------------	-----------------	------------------	----------------	-------------------

Uphill from tee to green, this dogleg right makes a sharp turn at near the tee shot landing area. The green is partially hidden green from the fairway, with a deep bunker guarding the right entrance.

Front	Par 36	Black 3461	Blue 3156	White 2911	Red 2640	Junior 2411
--------------	---------------	-------------------	------------------	-------------------	-----------------	--------------------

Hole 10	Par 5	Black 551	Blue 510	White 470	Red 427	Junior 395
----------------	--------------	------------------	-----------------	------------------	----------------	-------------------

The fairway veers right from the tee shot, with the prime landing area near the left side fairway bunker. A challenging fore-bunker impacts the next line, as does a deep bunker on the left of the elevated green.

Hole 11	Par 3	Black 205	Blue 187	White 170	Red 135	Junior 129
----------------	--------------	------------------	-----------------	------------------	----------------	-------------------

A distinctively elevated green provides a deep, long target. Two bunkers are strategically placed near the left front, creating the element of a forced carry to reach the putting surface.

Hole 12	Par 5	Black 606	Blue 560	White 515	Red 465	Junior 430
----------------	--------------	------------------	-----------------	------------------	----------------	-------------------

One of the longest holes in the Pacific Northwest, the left fairway bunker guards the prime landing area off the tee. A devilish fairway bunker sits further along the way, to a green that falls away in the back.

Hole 13	Par 4	Black 475	Blue 435	White 405	Red 370	Junior 350
----------------	--------------	------------------	-----------------	------------------	----------------	-------------------

The tee shot must navigate fairway bunkers on the left and right. The approach is slightly downhill, complicated by a green that is elevated and features a sharp falloff down the right side.

Hole 14	Par 3	Black 170	Blue 155	White 145	Red 130	Junior 120
----------------	--------------	------------------	-----------------	------------------	----------------	-------------------

Short but daunting, the long narrow green is surrounded by four menacing bunkers that will swallow anything the least bit errant off the tee. The left center of the green is approachable.

Hole 15	Par 5	Black 542	Blue 510	White 475	Red 430	Junior 390
----------------	--------------	------------------	-----------------	------------------	----------------	-------------------

This dogleg right includes a significant slope to the left at the landing area, toward a directional bunker. A right bunker guards the plateau at the layup area. A bunker fronts the green, which slopes right to left.

Hole 16	Par 4	Black 441	Blue 410	White 380	Red 345	Junior 325
----------------	--------------	------------------	-----------------	------------------	----------------	-------------------

This dogleg left weaves through a dense pine forest. The landing area is guarded by a distant directional bunker on the right. The approach must be precise, to a green sloping steeply away on all sides.

Hole 17	Par 3	Black 182	Blue 170	White 155	Red 145	Junior 131
----------------	--------------	------------------	-----------------	------------------	----------------	-------------------

Playing downhill, the tee shot appears shorter than it is in reality, since it must carry onto the putting surface in order to avoid the two imposing bunkers on each side of the green's entrance.

Hole 18	Par 4	Black 446	Blue 405	White 375	Red 343	Junior 325
----------------	--------------	------------------	-----------------	------------------	----------------	-------------------

The tee shot must be struck carefully between complimentary bunkers on the both sides of the landing area. The approach is downhill to a green, which is slightly perched with bordering bunkers.

Back	Par 36	Black 3618	Blue 3342	White 3090	Red 2790	Junior 2595
-------------	---------------	-------------------	------------------	-------------------	-----------------	--------------------

Overall	Par 72	Black 7079	Blue 6498	White 6001	Red 5430	Junior 5014
----------------	---------------	-------------------	------------------	-------------------	-----------------	--------------------

Course Statistics:

	Tees	Yardage	Slope	Rating
Black		7007	133	72.7
