## 6 Reasons to Consider a Winter Wedding

---

### 1. BE UNIQUE

While growing in popularity, a winter wedding is not as common as celebrating nuptials in the summer months. Winter weddings are perfect for smaller events as they provide a more intimate and cozy atmosphere.

### 2. SKIP THE WEATHER STRESS

You won't have to worry about preparing for inclement weather. It's already a given that it will likely be chilly and if it snows - it's a bonus! Having your ceremony and reception set for indoors spares you of the stress of unwanted rain. The additional bonus - if the skies are clear - the outdoor space is yours as well.

### 3. HAVE MORE TIME

A wonderful bonus to a winter wedding is avoiding coordinating with your vendors during the peak season. They'll have more time, availability and energy for fulfilling appointments and special requests.

### 4. IT'S THE MOST ROMANTIC SEASON

Whether you start the new year as a married couple or celebrate nuptials for Valentines, you'll have the perfect setting and shared romantic vibe for getting married.

### 5. BETTER ATTENDANCE

Winter weddings often have better attendance as your special day isn't lost in the sea of summer plans, vacations, and other summer weddings. Your guests will be ready to for a winter celebration!

### 6. KICK THE FESTIVITIES OFF SOONER
