A Place Apart

Black Butte Ranch provides the complete vacation experience

For more than 40 years, Black Butte Ranch has drawn families and visitors to the sunny side of the Cascade Mountains for an unmatched vacation experience.

The setting of Black Butte Ranch provides a uniquely serene experience. Surrounded by mountain peaks, giant stands of Ponderosa pines, groves of Aspens and abundant wildlife, the resort's enduring appeal of tranquility is what draws visitors to return again and again.

It is its own place, removed from the hustle of even nearby properties. Yet it provides easy access to all.

The new \$11.5 million Lakeside complex situated in the heart of the Ranch features an expansive pool, outdoor hot tub, sauna, fitness facility, recreation center, playground, retail shop and Bistro with indoor and outdoor dining. This addition only enhances the resort's reputation as one of the most family-friendly golf destinations anywhere. Whether traveling as a family, with friends, or for a couples golf getaway, there can be no more authentic Central Oregon experience than Black Butte Ranch.

Year-round recreational pursuits complement the golf experience at Black Butte Ranch. Guests can settle in to one of over 120 vacation homes situated throughout the Ranch's unspoiled harmonious setting and enjoy an array of outdoor activities including biking, swimming, canoeing, tennis, horseback riding, paddle boarding, fly-fishing and more. The full service spa is a great place for guests to relax

and rejuvenate, and the recently renovated Lodge Restaurant and Aspen Lounge are centrally located in the heart of the 1,800-acre resort, serving a year-round menu rich in regional Northwest cuisine.

The resort's two golf courses provide a hub for the property. The stunning Big Meadow course is one of Oregon golfers' favorites, garnering numerous awards over its 30-plus years, including the 2014 honor by *Golfweek* as one of the "Best Courses You can Play" in Oregon. This Robert Muir Graves design takes golfers through a scenic journey of the Oregon Cascades.

The Glaze Meadow course offers a test that will appeal to fans of both classic and modern golf design, with five sets of tees on every hole to accommodate players of all skill levels. Originally opened in 1978, the course went through a dramatic overhaul in 2010 and 2011 at the direction of designer (and Oregon native) John Fought. Following the \$3.75 million project, Glaze Meadow turned into a 7,007-yard classically inspired gem and was recognized by *Golf Inc.* magazine as the 2012 "Renovation of the Year."
